

Exam Overview

Earning a CPSM Certification requires you to take and pass three exams which together cover the main segments of supply management. The exam content addresses today's procurement and supply chain environment and workplace complexities such as risk, strategic sourcing, technology and increased skills needed for supply professionals to drive value in their organizations.

Once you pass all exams, you are required to submit an application for the CPSM Certification. Your exam scores are valid for four years, and you must submit your application while all exam scores are valid.
